Assessment, Evaluation and Reporting: The primary purpose of assessment and evaluation is to improve student learning. Students will understand what is expected of them, using learning goals, and success criteria, based on the overall expectations. Feedback (self, peer, teacher) supports learning, and plays a critical role in academic achievement and success.

The development of learning skills and work habits is a key indicator of future success. The following learning skills and work habits will be developed, assessed, and reported during this course:

- | | |
|---------------------|--|
| 1. Responsibility | fulfills responsibilities and commitments (<i>e.g. accepts and acts on feedback</i>) |
| 2. Organization | manages time to complete tasks and achieve goals (<i>e.g. meets goals, on time</i>) |
| 3. Independent work | uses class time appropriately to complete tasks (<i>e.g. monitors own learning</i>) |
| 4. Collaboration | works with others, promotes critical thinking (<i>e.g. provides feedback to peers</i>) |
| 5. Initiative | demonstrates curiosity and an interest in learning (<i>e.g. sets high goals</i>) |
| 6. Self-Regulation | sets goals, monitors progress towards achieving goals (<i>e.g. sets, reflects goals</i>) |

Group work supports collaboration, an important 21st century skill. This will be assessed only as a learning skill. Homework may also be assessed as a learning skill. Evaluation completed in class will be based only on individual student work. Regular attendance is important to support group work, various forms of feedback, and to allow students to demonstrate evidence of their learning. Students are responsible for providing evidence of their own learning in class, within given timelines. Next steps in response to academic integrity issues, such as lack of work completion, plagiarism, or other forms of cheating, range from providing alternate opportunities, to a deduction of marks.

The achievement chart identifies four levels, based on achievement of the overall expectations:

- | | | |
|---------|---|-----------|
| Level 1 | achievement falls below the provincial standard | (50-59%) |
| Level 2 | achievement approaches the provincial standard | (60-69%) |
| Level 3 | achievement is at the provincial standard | (70-79%) |
| Level 4 | achievement surpasses the provincial standard | (80-100%) |

Reporting on Student Learning:

Student learning will include a variety of assessment tasks designed to demonstrate students' development in their knowledge and understanding, thinking, communication and application of all overall expectations.

The fall progress report gives feedback on learning skills (i.e. needs improvement, satisfactory, good or excellent) and emerging student achievement (i.e. progressing with difficulty, progressing well, progressing very well)

The report card grade will be based on evidence of student learning, including observations, conversations and student products. Consideration will be given to more recent evidence (skill development) and the most consistent level of achievement.
